Write down a few of the spaces you
spend time in during the week:

Pick one space that you think
God is inviting you to care better
for, and write it below:

Circle the emoji that reflects
how being in that space
currently makes you feel:

Ask God to help you see that space with fresh eyes. On one lens write
down where you see messiness, chaos, or things that need to be fixed.
On the other, write down a couple things you can do to help make that
space better.
